

Name: Ezio, Todesco

Affiliation: CERN

Position: Senior scientist

Previous Positions: Researcher, INFN Italy

Education: Ph.D. University of Bologna, 1994

Research Interests/Areas of Expertise: Superconducting magnets for particle accelerators, magnet design and analysis, conceptual layouts of particle accelerators

Publications: More than 200 scientific papers. Lecturer in superconducting magnets at USPAS 2005, 2007, 2010, 2013.

Approximate Number of Years in Applied Superconductivity: 22

Membership in Professional Societies: IEEE

Previous ASC Service: Session chair, referee.

Service to Related Conferences: Lead Editor in MT-26, MT-25, MT-24, Technical editor in EUCAS 2017
